Matt,

Please find a copy of my meager beginnings of the draft programmatic agreement. I have only gotten through the first few sections, so you will only find edits on the first 4 or 5 pages. I know we've discussed the possibility of you calling me to discuss, but I realize you are off today, so I will totally understand if we don't get a chance to talk.

I would also like to thank you from the bottom of my heart for all of your guidance this summer. I very much appreciate the time and care you took to help me and other interns. The FOIA memo, the NHPA-related memos and learnings, everything associated with the development of the interim corrective action order, and now the glimpse into the programmatic agreement were all invaluable to me. I've learned tons! I am leaving inspired and determined to find a path in environmental law practice.

Thanks again!

Audra
